A 2024 Memorandum to the Vatican, the Muslim Clergy, and the State of Israel

The author of the book "Ares Le Mandat" uses Catholic apologetics to confirm and rationalize the 2000 year time-gap of bible prophecy realization, before taking it upon himself to fulfill Revelation 13:13 as the false prophet who calls fire down from heaven. He does this after he calculates the number of the beast, 666, to stand for Mars 360. After explaining his belief that Mars has an influence on human behavior and that everyone should believe this to be the case(the author is trying to force his readers to believe this through numerous examples), the author then demonstrates his thesis by observing Mars in order to predict rocket fire escalation timeframe in Israel during the year 2020 and 2021, 2022, and 2023 all in an attempt to persuade Israel to go after other gods. (once again willfully fulfilling the role of false prophet) The author achieved those predictions accurately in 2020 and 2021, while the COVID-19 pandemic was affecting the entire world, and then later achieved more accurate predictions in 2022 and 2023. In having done this, the author thus fulfilled the role of the false prophet. The act of calling down fire from heaven in 2023 confirmed the fulfillment of Revelation 13:13. Here is a memorandum that circulated online prior to the Hamas attack on October 7th 2023.

A 2023 Memorandum to the State of Israel concerning the existence and influence of Mars on regional security and Gaza militant rocket fire. Also, a warning that severe escalation could occur between August and November of 2023.

For three consecutive years in 2020, 2021, and 2022, I predicted the time-frame that an increased number of Gaza rockets would be fired into Israel relative to the rest of the year, all by observing the position of the planet Mars in relation to the lunar node. The thesis is that when Mars is within 30 degrees of the lunar node, Gaza militants fire a greater number of rockets at the state of Israel relative to the rest of the year. Since 2007 Gaza militants are influenced by this planet, the ancient god of war. The same god of war that backed the Romans when they sacked the temple in AD 70. The dates of Mars being within 30 degrees of the lunar node were set back in 2019 in Ares Le Mandat. Here is the earliest source. Go to the end of chapter 24 to see the list of dates for expected increased rocket fire relative to the rest of the year

The thesis still stands: The time-frame of when Mars is within 30 degrees of the lunar node is the time when rocket fire from Gaza into Israel will be highest compared to the rest of the year. This was the case in 2020, when I predicted that rocket fire between January 15, 2020 and April 3rd 2020 would exceed rocket fire during other months in 2020. https://www.youtube.com/watch?v=e5GxO4ZW2fc This is confirmed, see stats

It also happened again in 2021 when on record on video, I predicted that rocket fire from Gaza into Israel between February 9, 2021 to May 13, 2021 would exceed rocket fire in the other months in 2021. https://www.youtube.com/watch?v=v1sA-ZS73Lw&t Once again confirmed as Gaza militants fired over 4000 rockets during that time. Here are the stats
https://www.academia.edu/93931405/Gaza_rocket_stats_and_planet_Mars_correlation

Here is where I predicted well in advance that Gaza militants would fire an increased number of rockets at Israel between June 22, 2022 and Sept 19, 2022. Mars within 30 degrees of the lunar node in 2022 took place between June 22, 2022 to Sept 19, 2022. In early August of 2022, as predicted by this thesis, Gaza militants began firing rockets en masse towards the civilian population in Israel. Over 1000 in fact. https://www.youtube.com/watch?v=6EniwV0TWew here are the stats

Here I advised the state of Israel should build an image to Mars/Ares in order to tame its influence. Same concept as the building of the bronze serpent on the book of Numbers https://www.youtube.com/watch?v=wwsGgOK7OV4&t

Here is the video where I introduce the Armaaruss as the image that should be built under the same concept as the bronze serpent mentioned in the Book of Numbers. In the video, I also advise that the Mars 360 system and the astrological marking system be applied to commerce(buying and selling). https://www.youtube.com/watch?v=KgTiALILAGk

Here is an overview of the Mars 360 system and why it should be a worldwide accord

In 2023, I predicted that the majority of rockets fired into Israel from Gaza would be between August 24th, 2023 and November 15, 2023. https://www.youtube.com/watch?v=IGbNPEO9gS4&t&ab_channel=AnthonyM

It is August 2nd as of today and Gaza militants have fired over 1400 rockets back early May of 2023. So according to this thesis, the rockets fired between August 24th, 2023 and November 15, 2023 when Mars is within 30 degrees of the lunar node will exceed that number.

This document is to serve as evidence for the existence of another god that is clearly active in the world, and as a spokesperson for the existence of Mars, we hope that the orthodox community will recognize his existence since he acknowledges the God of Abraham.

Here are more stats concerning Gaza rocket fire and Mars within 30 degrees of the lunar node, as calculated by another Reddit user

From 2007 - 2022: 11,554 Rockets were fired from Gaza
Rockets fired when mars was within 30 degrees of the lunar node: 6,597

Rockets fired any other time: 4,957

57% of rockets were fired when mars was within 30 degrees of the lunar node

In 11/16 years between 2007 and 2022, most rockets were fired while mars was within 30 deg of the lunar node.

Keep an eye on these statistics here.
https://www.academia.edu/93931405/Gaza_rocket_stats_and_planet_Mars_correlation

The escalation of Gaza rocket fire is predicted be highest in 2023 between August 24, 2023 and November 15th 2023. According to the data, there is a 69% percent chance that the escalation between August and November of 2023 will exceed the escalation that occurred back in May of 2023 when Gaza militants fired over 1400 rockets.

This all seems irrational. However, if one gives what the author is trying to convey some time and objectivity, it will become understandable as to the point the author was trying to make. The point was to essentially recognize God, recognize Christianity(author uses Catholicism), Islam. and then give up salvation in order to fulfill and affirm bible prophecy by using the observation of Mars to convince the world of Mars's existence. Prophecies of other religions are also integrated into the framework. For instance, when it comes to the beast of the earth prophecy, there is overlap between the Islamic perspective and the Christian perspective, in that both perspectives understand that the earth beast will apply a mark that distinguishes believers from unbelievers, saved from unsaved. In chapter 53 of Ares Le Mandat, the author likends himself to Dabbat al Ard(Beast of the Earth) from Islamic perspective. And we see in many Hadiths, it is proclaimed that the Dabbat al Ard will distinguish believers from

unbelievers with his marking system, which is in line with the Christian perspective. This is feasible with the Mars 360 system and in line with the Islamic perspective that the land beast is not hostile to believers, but in a way a confirmaton of religious belief. In this regard, Islam may have the doctrinal consent to facilitate the Mars 360 system in accordance with the prophecies regarding Dabbat Al Ard. It is also important for Christianity to formally recognize Mars 360 as a fulfillment of biblical scripture. Chapter 53 of Ares Le Mandat calls for the Mars 360 system to be applied to Islamic terror groups like Hamas as a way to distinguish them from true Islamic believers. By assigning them a Mars number, the religion of Islam remains protected from the actions of such hostile forces. This is the purpose of the Dabba. This is likely the start of a movement in Christianity and Islam in which Muslims and Christians, even Catholic priests or protestant pastors, will chance their salvation in order to affirm their respective scriptures by helping facilitate the mark of the beast (Mars 360 religious and social system). The book "Ares Le Mandat" can be found online for free in digital form. The physical book, however, does have 2 sections not in the digital version, namely the 2021 gaza war prediction and an interlude setting the stage for the author's turn against God and towards Satan(Mars and Satan are bound together).

The state of Israel must acknowledge the Mars doctrine which upholds that the planet Mars—as the dwelling place for the god of war, does have and has always had an influence on humanity. Ares Le Mandat demonstrates that this god of war had it out for Israelis back in AD 70 and even now since it is clear that the god of war has chosen militants in Gaza to be his agents of destruction towards the state of Israel. Here are all the dates of Mars within 30 degrees of the lunar node and Gaza rocket fire statistics going back to 2007.

We must chase after this god of war whom was known as Mars. Covering and explaining how militants in Gaza are firing rockets in a predictable pattern could cause them to second guess themselves and also deter them from firing rockets into Israel. This keeps matters from escalating and keeps civilians in both territories safe from artillery bombardments. The propagation of this Mars doctrine is to serve as a "fitna"(temptation) that will confuse the enemies of Israel and also protect the state of Israel and help to bring war on this planet to an end.

The author also urges the adherents to Judaism to build some form of observatory honoring this Mars influence. What is requested is that Israel can start the process of getting in touch with this energy in a way that even though its obvious that it's going to be here, there is a way to figure out how to keep it from destroying the world. What is being proposed is that Israel follow the same model that Moses used in the book of Numbers when he led the Israelites out of Egypt. When they were wandering in the wilderness for 40 years, the Israelites had reached a point where they were being attacked by these fiery serpents. These fiery serpents would attack them, bite them, and kill them. This led to the Israelites requesting that Moses intercede on their behalf and ask God for a solution to this problem—something that would make it stop. Moses did just that, interceded and asked God for a solution. After receiving instruction on what to do, Moses then came back to the Israelites and told them to make an image…. to create an image of a bronze serpent. He then informed them that the next time all those fiery serpents would end up biting them, they could simply stare at the image—not worship it—but they could just stare at the image, and if they did that, they would be immediately healed. This solution ultimately worked.

What the author of Ares Le Mandat is proposing is pretty much the same model. That if Israel makes an image…. somehow form an image or observatory to this Mars force that seems to be affecting us here on earth, doing so will mitigate the problems associated with its influence. So when we look at not just Mars, but all the gods of war...Ares notably…. Ares was a god who was wounded and healed. He was wounded in battle and he was later healed and because of that, it becomes appropriate to start coming up with some sort of plan to make an image... build a comprehensive image that encompasses many gods of war like Ares Mars and Horus. Ares Le Mandat refers to this amalgamation as the Armaaruss. Constructing this could have a worldwide effect on reducing the impact that war has on the world. If not eliminate it entirely.
